Department of the Interior,

Ottawa, 3rd July, 1903

Sir,

You have been recommended for patent for the S.W. ¼ of Sec. 10, Tp. 48, Rge 22, West 4th Meridian which, according to the official plan of survey contains an area of 157 acres, the remainder of it being covered by the waters of a certain lake. As the waters of this lake may have receded, making the land which was then covered by water more or less fit for cultivation, it is possible that you may wish to have the patent for your homestead issued to cover the full theoretical area of 160 acres, which includes the land and the land covered by water.

If you desire the patent issued in this way, on your filing with the Department here a solemn declaration, a form of which is herewith enclosed, to be made in accordance with the provisions of "The Canada Evidence Act, 1893," that the land covered by the waters of the said lake, as shown upon the official township plan, is now dry, the patent can then be issued for the full theoretical area of 160 acres, more or less.

Perley G. Keyes.

MEMORANDUM:-

Re S.W. ¼-32-50-6-W. 4th M.
And W.E.Sutton's claim for
Compensation.
Land Patented to Canadian
Northern Company, 25th July,
1907. The Townsite of Ver-
million is on this quarter
section.

Mr. Sutton claims to have been a squatter before survey. Although the case was decided against him, he continued to press his claim up to the time the land was patented to the Railway Company.

In a letter to the Department, dated 19th instant, his Lawyer, J.W.G. Morrison, of Vermillion, asks that the case be re-opened.

Please read the following summary of the case and say whether any reconsideration may be granted:-

On the 12th September, 1903, Mr.Theo. A. Burrows, on behalf of the Canadian Northern Company, applied for the land in exchange for other land, relinquished, for homestead entry. On the 28th of the same month, he was informed his request would be granted.

Mr. Sutton claims to have gone upon the land in September, 1903, and to have been a squatter before survey. He stated, however, in a letter dated 24th April, 1906, to the then Minister:-

"In September 1903, I squatted
"on the S.W. ¼ - 32-50-6-W. 4th M.
"Surveyors were surveying at the
"time."

According

F. FitzRoy Dixon, Esq.,
Assistant Deputy Commissioner,
Dominion Lands.

According to the Surveyor General the survey of the township was commenced on the 20th August, 1903, and completed on the 21st September, 1903.

Mr. Sutton did not make a statutory declaration before the Surveyor.

On the 8th of August, 1904, Homestead Inspector Clouston reported that Mr. Sutton was not in residence; that his improvements consisted of a house (log walls, no roof) worth $50.00, and a well (partially caved in, no water) worth $15.00, total - $65.00, and that "No evidence of any residence having been performed."

The Railway Company paid for the improvements according to the Inspector's valuation, and the $65.00 was refunded to Mr. Sutton, which he accepted. On his receipt acknowledging payment he wrote the words - "Received in part payment."

It was finally decided in April, 1906, that as the land was surveyed at at the time Mr. Sutton commenced to make improvements thereon, he had no right thereto under the Law as a squatter before survey, and that application by him for further consideration or compensation, could not be granted.

On the 18th of January, 1907, he made homestead entry for the South West 1/4 of Section 24, Township 50, Range 7, West of the 4th Meridian.

It was decided in consideration of his disappointment in not securing the land he desired, to permit him to count in connection therewith any time he actually resided on the Railway Company's quarter section.

On the 29th of August, 1906, he applied for patent for his homestead, but on the 9th of April, 1907, the Homestead Inspector informed the Department that although he called twice to take his application, he refused to apply on the ground that he was entitled to patent for the South West 1/4 of Section 32, Township 50, Range 6, West of the 4th Meridian.

He informed

He informed the Inspector that he had taken the matter up with a Firm of Lawyers in Edmonton.

This man was one of the Barr Colonists; and he claimed to have surrendered Mr. Barr's certificate to the Sub-Agent to whom he applied for entry for the land now patented to the Railway Company.

Under the circumstances a refund cheque for the $10.00 was sent to him on the 28th of March, 1907. He, however, returned it on the 17th of April, following, claiming that his acceptance thereof would prejudice his claim. The money has been deposited to the credit of the Receiver General and is still available for refund.

His Lawyer now rakes the point that the Departmental action in permitting the Railway Company to secure the quarter section in exchange for other land which they relinquished, was illegal. It seems that there was no special statute under which exchanges of this nature were made.

In summing up I may say that it appears from the correspondence on these files, that Mr. Sutton started to make improvements on the land while the surveyors were at work, and was much disappointed at not securing entry therefor. He had, however, no legal right thereto, as he was not a squatter before survey, and as the land had already been disposed of to the Railway Company.

The Department has done everything possible for him. We refunded to him the value of his improvements which the Company paid for; we returned to him his entry fee, and we have allowed him to count the residence which he performed thereon, in connection with his homestead.

He has been treated very

leniently

leniently, and he does not appear to have any just claim for further compensation which can be recognized or granted by the Department.

His entry fee might be again returned to him, and he should be instructed to at once make his application for patent for his homestead.

Respectfully submitted,

Sd A Sec

Answer: I squatted on the Sw. 32-50-6 w 4th in 1903, and was informed by the Dept that I would have a prior right to enter. As soon as land became available I made application for entry but was informed that the C.N.R had made prior application as I lost a lot of time I made application for compensation, I was granted a second entry on the 1st one. I am told but have not applied for patent as I did not wish to prejudice claim for compensation on Sw. 32-50-6 w 4. The Department still hold the filing fees of $10.00 each for the two quarter sections in question My contention is that I had a prior right to the Sw. 32-50-6 w 4 by virtue of squatters rights, also by a letter from the Dept at Ottawa which stated I would be given a prior right to enter as soon as land became available. I served in the army overseas from August 15th 1914 to Oct. 1919.

Sir:

N.E. 10--9--3--W. 4th M.

In reply to your inquiry of the 3rd instant, I am to advise you that the above land is at present held under grazing lease, and therefore is not available for homesteading.

However, the Department has called for an Inspector's report as to the manner in which the terms of the lease are being observed, and in case the lease is cancelled and the land becomes available, the Agent of Dominion Lands at Lethbridge is being requested to take note of your name and address so that you may be notified.

You will note, however, that your present application does not give you any priority in the matter of securing the land.

Your obedient servant,

Sir,-

In answer to your letter of recent date in regard to the South West quarter of Section 4, North of the river, Township 14, Range 17, West of the 4th Meridian, I would explain that this land lies outside of the area reserved for Soldier Settlement purposes, and that a lease was granted thereon to Robert J. Davidson on March 14th last, after it was inspected and found to be rough and unsuitable for stock homesteads.

There were no conflicting applications received by the Department at the time the application was under consideration.

As the lease is an irrevocably closed one and as the lessee appears to be complying with the Grazing Regulations in all respects it will not be possible to consider the cancellation of same at the present time.

Your obedient servant.

MEMORANDUM;

Deputy Minister of the Interior,

On the 13th January last you received letters from Messrs. Alf. Brown and A.E. Jackson were to have a lease of the Fr. N½ Sec 34, Township 50, Range 11 W.4th M., and a preemption on Island in Birch Lake in the Southern part of this Section, as a summer resort and for shooting purposes.

The matter was referred to the Agent of Dominion Lands, at Edmonton, for an inspection and report by the Homestead Inspector. The report has now been received and recommends that the application be given a lease of the Fractional half section for a term of the said lake; but he adds the following;- "As Mr. Hackette is the pioneer of this District he should be given a preference".

I may add that Mr. Hackette's application was not received here until some time after that of Messrs. Brown & Jackson.

I suppose you will deal with the application of Messrs. Brown & Jackson.

Respectfully submitted,

Referring to your memo. of the 27th instant

In looking further into the matter of the land proposed to be leased to Messrs Brown & Jackson, I find that the description proposed by Mr Greenway in his memo. across mine to Mr Campbell of the 14th June last. ref. 47126 will not agree with the actual position of affairs as the survey exists. It was evidently supposed that the East boundary of Section 3 Tp 5-11-4 would fall West of the East boundary of the R. B. of Section 3 4 Tp 5-0-11-4, whereas in fact it really falls 4 chains and 5 links East of the latter line so that the description as proposed would be erroneous. Am Leaving - To Report July 3/06

EDMONTON, June 25, 1906.

Dear Sir,

Some time ago Alfred Brown and A.E. Jackson, of Edmonton, spoke to me in connection with the right to purchase an unsurveyed island, described as follows:

All and singular those certain parcels or tract of land, situate, lying and being in the Fiftieth Township, in the Eleventh Range, West of the Fourth Meridian in the Province of Alberta, and which may be more particularly described as follows:-

Firstly :- that certain unsurveyed island lying within the limits of the south half of section thirty-four of the said township, as shown upon a map or plan of survey of the said township, signed at Ottawa on the 7th day of October A.D.1895, by Edouard Deville, Surveyor General of Dominion Lands and of record in the department of the Interior, containing an area of Five(5) acres, more or less. And

Secondly :- all that portion of the North-west quarter of said section Thirty-four, which lies to the north of the north shore of Birch Lake, as shown upon said plan of survey of said Township, and to the east of a line drawn parallel with and four chains perpendicularly distant westerly from the east boundary of the said quarter section containing an area of Three(3) acres more or less. The lands hereby leased containing together an area of eight(8) acres more or less, as shewn outlined in pink upon the plan hereto attached.

I promised some time ago to write to you and see if it was not possible to acquire the ownership of this island by purchase. I would be obliged if you would let me hear from you in connection with this matter.

Memorandum:-

With reference to the Honorable Mr. Cross' letter to the Minister, of the 21st ultimo, requesting the application of Messrs. Alfred Brown and A. E. Jackson, of Edmonton, to lease a small island lying in the N.W.¼ of Sec. 34, Twp. 50, Rge. 11, West 4th Meridian, containing about 5 acres, and a small portion of the N.W.¼ of the same section, containing about 3 acres, for a summer resort and shooting purposes, I beg to refer you to the Deputy Minister's memorandum, addressed to you, of the 7th March last, on this file, which reads as follows:-

"Referring to the application of Messrs. Alf. Brown and A.E.Jackson respecting the North Half of Section 34-50-11, West of the 4th Meridian, and an unsurveyed island in Birch Lake, I lease note that the Minister has decided that this island is to be leased to the applicants and that they are to have a lease of that portion of the N.W.¼ of Section 34 comprised between the projected road allowance and the correction line, for landing purposes. Please have the necessary action taken in the matter."

On the 12th April last, a draft form of lease of the above land was sent to the Agent of Dominion Lands at Edmonton, for execution by Messrs. Brown & Jackson, and has not yet been returned to the Department.

I may add that it is not customary to sell lands for purposes of this kind, and in any event, as the island is unsurveyed, it would be necessary, before it could be disposed of by sale, to have it surveyed.

The fact that an Order-in-Council will be necessary, before the lease in question is issued, would appear to have been overlooked when the draft lease was prepared.

With reference to the return of the letter addressed to Mr. Greenway, M.P. dated, I beg to call your attention to the fact that the letter of the 14th August last to the Honourable Mr. Cross had reference to the small island in Bird Lake, and [illegible] acres in the N.W.¼ of section 34, township [illegible], range 11, west of the principal, for which draft lease had been prepared in favour of Messrs. In the other letter you also Mr. Cross' letter of the 14th inst. last, on the file, marked, in which the said island was referred to. It seems, therefore, apparent that it was by a clerical error that reference was made in your memorandum to the fractional N.½ of section 34, containing 141 acres, instead of to the 5 acres in the N.W.¼ of such section.

MEMORANDUM:-

I beg to return an undated letter from Mr. James Hunter, of Innisfree, Alberta, in reference to a fraction of land along the North of the Lake, containing about 100 acres, which the people of the town and district are anxious should be reserved for a public pleasure ground and stating that an application was made therefor last fall and that the Agent of Dominion Lands at Edmonton forwarded the same to Ottawa, but that no reply had been received.

Mr. Hunter further states that he has spoken to the Hon. Cushing and Finlay, who are favourable to the application, and that Mr. G. B. Holden has promised to look after it for them.

The land applied for is the fractional North Half of Section 34, Township 50, Range II, West 4th Meridian, North of Birch Lake, containing 101 acres, and the application of the Town of Innisfree, referred to by Mr. Hunter, was submitted to you by Mr. N. O. Cote, in his memorandum of the 28th March last, on file 47126, (marked) which, although marked for Mr. Harkin, does not seem to have reached him, as no decision appears to have been reached, and no reply sent to the applicants.

Messrs. Jackson and Brown, of Edmonton, were given permission to lease the island in the lake, and 3 acres out of the N.W. corner of the N.E.¼ of Section 34, which is part of the land now asked to be reserved for a public park, but have not yet signified their willingness to do so, and on the 10th July last, the Hon. was advised that unless Messrs. Jackson and Brown notified the Department within a reasonable time, of their acceptance of the offer made them, it would be taken for granted that they did not wish to secure the land in that way. No reply has been received to that letter.

Several applications to purchase these lands have been received and the Minister decided, as these quarter-sections are the lake front of the quarters immediately in the rear of them, they will not be sold except to the owners of the land immediately in the rear.

Memorandum:

In reference to the extract from Mr. William Short's letter of the 30th ultimo respecting the application of Mr. James Hunter on behalf of the town of Innisfree for a reserve/a public pleasure ground and summer resort of the land lying North of Birch Lake in Section 34, Township 50, Range 11, east of the 4th Meridian, I beg to report that the Minister decided to reserve for the town of Innisfree for the purposes above described, 20 acres out of the North half of Section 34, Township 50, Range 11, West of the 4th Meridian, together with the island lying in the S.E.¼ of the same section.

Mr. Hunter was notified of the decision on the 27th September, and asked to furnish the Department with a description of the 20 acres, the town authorities wished to be reserved, and in reply dated 11th October last, stated that the Committee appointed to select the 20 acres, reported that on account of the steep banks and broken nature of the low land (there being several slues(sloughs), it would be barely possible to select 20 acres that would be suitable for a race tract and ball grounds, and Mr. Hunter was instructed to ask if the Government would be willing to grant with the island all that fraction of land lying North of Birch lake and south of the South West quarter of section 2, Township 51, Range 11, West of the 4th Meridian.

As the areas of that part of Section 34 lying North of Birch Lake, as shown on the township plan, are evidently

J.W. Greenway. Esq.,

Commissioner of Dominion Lands.

evidently incorrect the Surveyor General was on the 7th instant asked for the correct areas, but as the file was removed from his office, this branch has not as yet been furnished with that information.

As above stated, it was decided to reserve 20 acres, but Mr. Hunter's later request covers the whole fractional N.E.¼ of Section 34, Township 50, Range 11, West of the 4th Meridian, shown on the plan as 62 acres, and a part of the N.W.¼ 39 acres; these areas are probably incorrect but as soon as this Branch is furnished with the proper areas, the question will be submitted for you consideration.

I observe, however, that in his letter of the 30th October Mr. Short suggests that the town of Innisfree be permitted to purchase the land applied for.

Chief Clerk.

Since [illegible], the Surveyor General [illegible] that the area of the N.E.¼ 34-50-11, [illegible] of the Lake, is 31.60 acres, and that of the N.W.¼ North of the Lake is [illegible] acres, and in order that the request [illegible] the town of Innisfree be granted, [illegible] in the Lake, all that part of the S.E.¼ of 34 North of the Lake and South of the S.W.¼ 2-1-11 West Fourth Meridian, the quarter-section adjoining on the North, which, on account of the line between Townships 50 and 51 being a correction line, would include about 4.80 acres out of the N.W.¼ of Section 34, and would leave undisposed of about 10 acres in the N.E.¼ 34, the part applied for containing about 34.40 acres.

Attached

Attached is a [illegible] for, coloured red.

If Mr Hunter's request is entertained, I would suggest that he be offered the fractional N.E.¼ 34, lying [illegible] of the Lake, containing 39.60 acres, together with [illegible].

Mr. James Carter, a resident of Innisfree,
[illegible] north of Birch Lake, for obtaining that portion of the N.E.¼ 24-50-11-4,
that is to say, Innisfree is located on the N.W.¼ 2 and the
N.E.¼ 24- 51- 11- 4, immediately south of which is Birch Lake.
The Government owns the N.E.¼ 24- not covered by the waters of
the Lake. This land is very suitable for park purposes and
some twenty acres of it, I believe, has been cleared.
Mr. Carter's application, of course, is not
personal, but is in order to secure the property in which
it is interested. If arrangements could be made whereby the
town could have the right to purchase this land for park pur-
poses it would no doubt be very satisfactory, because the
lake will in future become more and more valuable as a resort.
I am quite sure that it would be a good move if this could be
brought about.

Sir,

Referring to yours of the 17th ult., re inspection of North fraction of Section 34, Township 50, Range 11, W. 4th, in connection with application of citizens of Vermilion for grant for pleasure-ground, I am instructed to this matter I beg to say that upon arrival at Vermilion I was approached by different members of the Board of Trade, stating that they had made a slight mistake in their former application owing to their inability to define the section lines before forwarding the application.

They again presented me with a request which was going forward to the Department of the Interior, describing exactly the land they wished to acquire, copy of which please find attached.

Upon careful inspection I find that all of that fraction of Section 34, comprising the Northerly portion of the North-west Quarter and the North-east Quarter of 34, Township 50, Range 11, is extremely rough and hilly, so much so that no portion of it could be used for agricultural purposes, and would practically be of no use to a Homesteader, and in my opinion the granting or the reserving of the above-described land for a pleasure-ground would be of great benefit to the residents of Vermilion and surrounding district, and it would not deprive the Department of land of any value for other purposes.

MEMORANDUM:-

Mr. James Hunter has made application on behalf of the Town of Innisfree, for a reserve for a public pleasure ground and summer resort, of the land lying North of Birch Lake in Section 34, Township 50, Range 11, West of the 4th Meridian, and the Minister decided to reserve for this Town for the purposes mentioned 20 acres of the North half of this Section, together with the island lying in the S.E.¼ of the same Section.

Mr. Hunter was notified of the decision and asked to furnish the Department with a description of the 20 acres and intimated that the committee appointed to select these 20 acres reported that ~~xxxxxx~~, on account of the steep banks and broken nature of the low land, it would be barely possible to select 20 acres that would be suitable for a racetrack and tall grounds, and a request was made that all that part of the N.E.¼ of the section North of the Lake and South of the S.W.¼ of Section 2, Township 51, Range 11, West of the 4th Meridian, ~~and~~ the quarter section adjoining on the North, which, on account of the line between Townships 50 and 51 being a correction line, would include about 4.60 acres out of the N.W.¼ of Section 34, and would leave undisposed of about 10 acres in the N.E.¼ of the same Section, the part applied for containing about 34.40 acres. (My memorandum of the 19th ~~xxxx~~ inst., refers.)

A report was called for from the Homestead Inspector in accordance with the Minister's instructions, and the Agent now submits a copy of a letter from Mr. Hunter, in which the latter states that it was decided by the committee to ask that a change be made in the application and that a grant be made, in addition to the land which they had already applied for, of the portion of the N.E.¼ of Section 34 lying North of Birch Lake, and South of the S.W.¼ of Section 2, Township 51, Range 11, West of the 4th Meridian. Mr. Hunter points out, in this connection, that there is a strong spring of living water, which is a necessity, for fair and pleasure grounds, and that the land could not be utilized for any other purpose.

The Agent also submits a report from Mr. Homestead Inspector Bowtell, in which the latter states that he finds that the whole of Section 34 comprising the Northerly portion of the N.W.¼ and the N.E.¼ is extremely rough and hilly, so much so, that no portion of it could be used for agricultural purposes, and it would practically be of no use to a homesteader, and intimates that, in his opinion, the granting or the reserving of the land covered by the application would be of great benefit to the residents of Innisfree and surrounding district, and it would not deprive the Department of land of any value for other purposes.

INTERIOR DEPT. OTTAWA
APR 7 1909

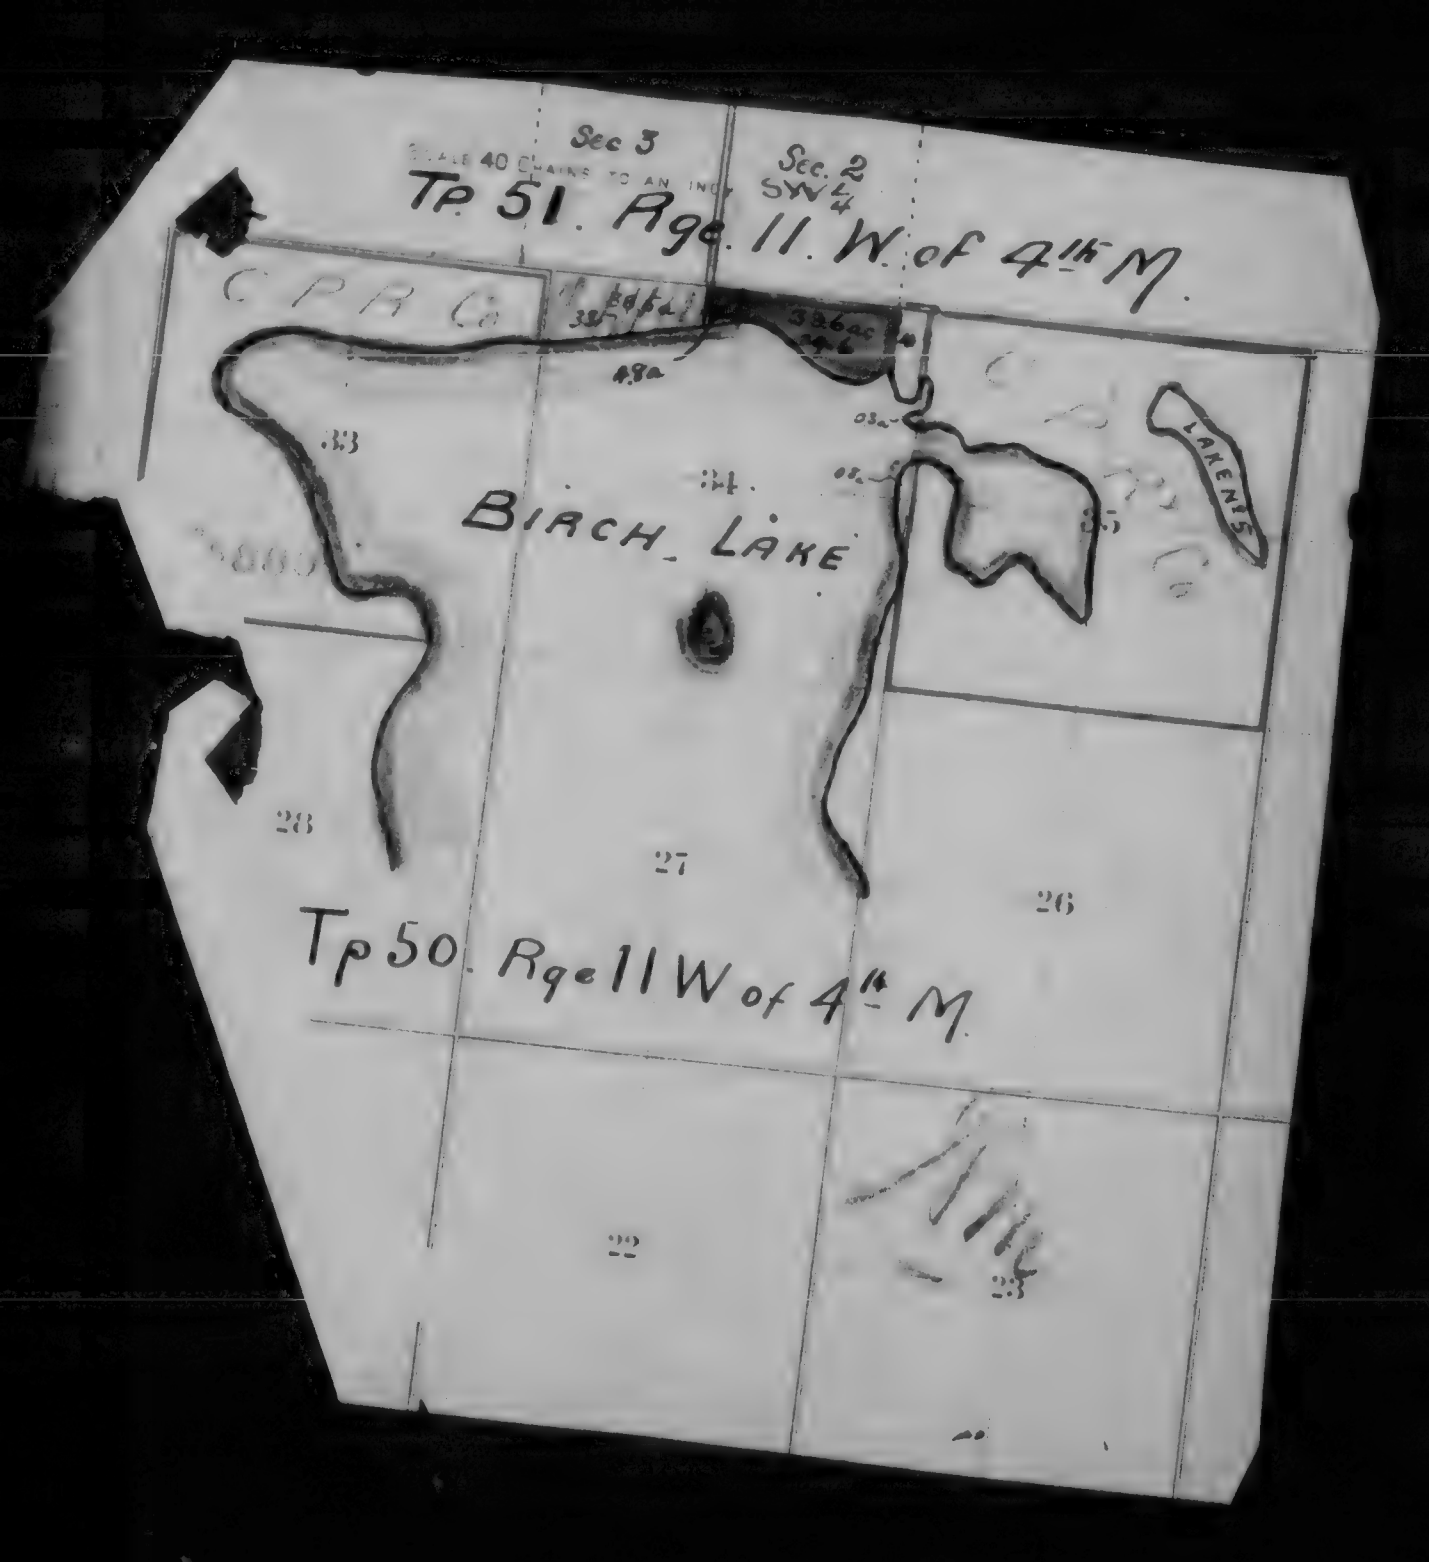

Dear Sir;

In reply to your letter of May/4th. 1908, with reference to that fraction of land being reserved for the Town of Innisfree for five years, I am directed by our Board of Trade to say, that in order to put this land in shape for Park purposes, it will require a considerable sum of money before we could make any practical use of it; and unless we can arrange with the Government to give the town a Title for the land, there would be no inducement to spend money improving the land and putting up the necessary buildings required for exhibition purposes. If the Honorable Minister of the Interior could arrange to see the land, we feel confident that he would approve of this.

Awaiting your reply, I remain,

Yours respectfully,

Secretary

Sir,

I beg to acknowledge the receipt of your letter of the 4th instant, and to inform you that, according to the conditions of the grant authorized by Order of His Royal Highness the Governor General in Council bearing date the 22nd July, 1911, those portions of land comprised in Section 34, Township 5, Range 11, West of the Fourth Meridian, which were patented to the Village of Innisfree, can be used for park purposes and for no other purpose whatsoever. MEMORANDUM:

INTERIOR.
JUL 12 1913
DOMINION LANDS

I beg to return herewith correspondence of the 5th instant, to which is attached a letter, dated the 27th June last, from Mr. Norman Murray, Barrister of Vermilion, applying to purchase an island in Irish Lake, in Township 50, Range 11, east of the 4th Meridian, probably in Section 33, and said to contain 60 or 70 acres.

The island in question which lies in the S. of Section 34, Township 50, Range 11, west of the 4th Meridian, and which has not been surveyed, is unalienated of, according to the records of the Department.

As you are aware, moreover, it is contrary to the practice of the Department to dispose of islands either by sale or entry.

The fractional N.E. of Section 34, north of the lake, was patented on the 4th October, 1911, under the authority of an Order in Council dated the 22nd July, 1911, for park purposes only, to the Village of Innisfree, which also applied for the island, and, in February last, Mr. A. Reid, Secretary-Treasurer of the Local Improvement District, Innisfree, Alberta, was advised that the island was not for sale.

Attached is a plan showing the lands applied for, and, in this connection, I might mention that the Town of Vermilion, from which Mr. Murray writes, is situated in Section 31, Township 50, Range 6, west of the 4th Meridian, some 27 or 28 miles West.

Posting of Soldier Settlement Land.

#255511.

H.O. Ref.# #127126-A.

Edmonton, Alta., ... 191 .....

Notice is hereby given that after the expiration of 10 clear days from the date thereof, that is, on and after the Feb. 1st 1920. the S.E. ¼ of Section 34

Township 50 Range 11 West of the 4th Meridian, will be available for entry, provided the land is of the class suitable for farming and is unoccupied, as follows:—

On the day last above mentioned the privilege of entry (either as an ordinary homestead or as a soldier grant) is restricted to a "settler," as defined by the Soldier Settlement Act, eligible to make entry who holds an adjoining quarter section under homestead or soldier entry, or who obtained homestead patent for such quarter section and is still the owner thereof, or who was a squatter before survey on such quarter section. The regulations relating to conflicting claims by adjoining settlers will be found in full at the foot of this notice.

On the succeeding day and thereafter (unless entered for or reserved for an adjoining settler) the land will be available for entry—

(a) as an ordinary homestead by any person eligible to make homestead entry who is on active service in the Naval or Military Forces of His Majesty or of His Majesty's Allies (either in person or by proxy);

(b) by a "Settler" as defined by the Soldier Settlement Act as an ordinary homestead, provided such settler is eligible to make homestead entry;

(c) by a "Settler" as defined by the Soldier Settlement Act as a soldier grant.

Paragraph (c) of Section 2 of the Soldier Settlement Act, 1917, defines "settler" as follows:—

"Settler" means any person who is or was at any time in the naval or military expeditionary forces of Canada during the present War, or who was engaged in active service during the present War in the naval or military forces of the United Kingdom or of any of the self-governing British Dominions or Colonies, or who, being a British subject resident in Canada at the outbreak of War has been engaged in active service in one of the wars of war in either the naval or military forces of any of His Majesty's Allies in the present War and who has left the forces with an honourable record, or who has been honourably discharged, and the widow of any such person who died on active service.

Any person who is desirous of making entry must visit the land personally before making his application, and satisfy himself that there is no one in residence, as he will require to swear when making application for entry that the land is unoccupied. The intending applicant should, at the same time, carefully examine and estimate the value of the improvements, if any.

The application for entry (unless made by proxy), may be made either at this office or at the office of the Sub-Agent of Dominion Lands in whose district the land is situated.

Application for entry by proxy is permitted in the case of a person making application on behalf of father, mother, brother, sister, son, daughter or husband, when authorized to do so in the form prescribed. In such a case the proxy will require to appear personally at the office of the *local Agent* (not Sub-Agent).

No fee is charged in connection with a soldier grant.

The entry fee if taken as a homestead will be $10. According to evidence on file in this office there are improvements upon the land stated to be worth $ .....

Payment for Improvements.

Before a person is granted entry for a homestead or a Soldier Grant, he *shall declare what improvements*, if any there are upon the land for which he applies, *and pay* to the Agent or Sub-Agent *the full amount of his valuation* of such improvements. Should he fail to make such declaration his entry shall be liable to cancellation.

In the event of uncertainty as to the correctness of the entrant's valuation, or if the value of the improvements is placed at over $25, the Agent shall cause such improvements to be examined and valued by a Homestead Inspector. If a surplus has been paid, the excess amount may be refunded. If insufficient has been paid the entrant must at once pay the difference, otherwise his entry may be cancelled.

Payment of Indebtedness Charged Against the Land.

The following indebtedness is charged against this land $ ..... If the amount collected for improvements is not sufficient to make up this indebtedness, the applicant for entry is required to pay the full amounts so as to make up the full amount of indebtedness.

Regulations relating to conflicting claims by adjoining settlers.

Sections 33 to 35 of the Soldier Settlement Land Regulations, 1918, read as follows:—

CONFLICTING CLAIMS

33 In the event of there being more persons than one claiming the prior right of entry under the provisions of section [illegible] of these regulations the priority of their claims shall be determined by the priority of the dates of their respective entries or the commencement of residence as the case may be, as shown by the records of the Board.

34 To ensure due consideration being given to the rights of adjoining settlers claiming prior to the Agent should not issue any application for entry referring under the preceding section, if requested to do so, but shall issue no certificate of entry for such land until the close of the office hours of the day on which the prior right of entry is considered, or until the morning of the following day.

Provided that if the Agent is advised by wire or otherwise on such day by a Sub-Agent or a local representative of the receipt by him of an application for entry from a person claiming a prior right of entry for the land affected, and it is evident from the records that such person by reason of the priority of day of his entry for or commencement of residence on the adjoining homestead has a better claim than any of the other applicants appearing in person, the Agent shall hold the land until such application made before the Sub-Agent or local representative has been received.

Provided further that if on account of sickness or other sufficient reason shown to the Agent, a settler who according to the records has a prior right of entry over all other applicants is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board.

Provided also that if the Agent is in doubt as to the priority of any applicant, he shall not grant entry to the land affected, but refer the matter to the Board for consideration.

35 Any land which, after having been posted [illegible] as above described, has not been claimed by an adjoining settler on the first day on which such land became available for entry, or if the land not been reserved [illegible] as one of the reasons above mentioned, shall be open each day to the following day to any settler eligible to make entry under these regulations.

Sir,

I beg to send you herewith a schedule of lands in your district which it is desired to set apart for bird sanctuary purposes. Please make a careful note of this matter in all your records relating to these lands.

The Head Office files relating to the lands are being called for, and you will be further advised in the case of individual parcels if the file shows any other disposition of the land.

If, in any case, you know of any reason why the land should not be reserved for bird sanctuary purposes you should report fully to the Department.

Please report promptly to the Department when you have noted the reservation and checked up the attached list with your records. You should at the same time inform the Department whether there are any lands in your district other than those mentioned in the enclosed schedule which according to your records are being reserved for bird sanctuary purposes.

In reference to the lands in the schedule which are held under entry please note that no further applications are to be received from any person to cancel existing entries. Where notice has already been issued to any registered applicant for cancellation calling upon him to come forward and make entry the right so conferred is not withdrawn, provided it is exercised within the time specified in the notice. Generally speaking this reservation will not be held to take away or impair existing rights on the part of any person by virtue of an application actually made by him or of a notice actually issued to him by the Department prior to the date upon which this reservation becomes effective.

Should any of the land now under other disposition become available by reason of the cancellation of the existing entry, etc., there being no applicant, you should refer here before disposing of the land, mentioning this letter.

Sir,

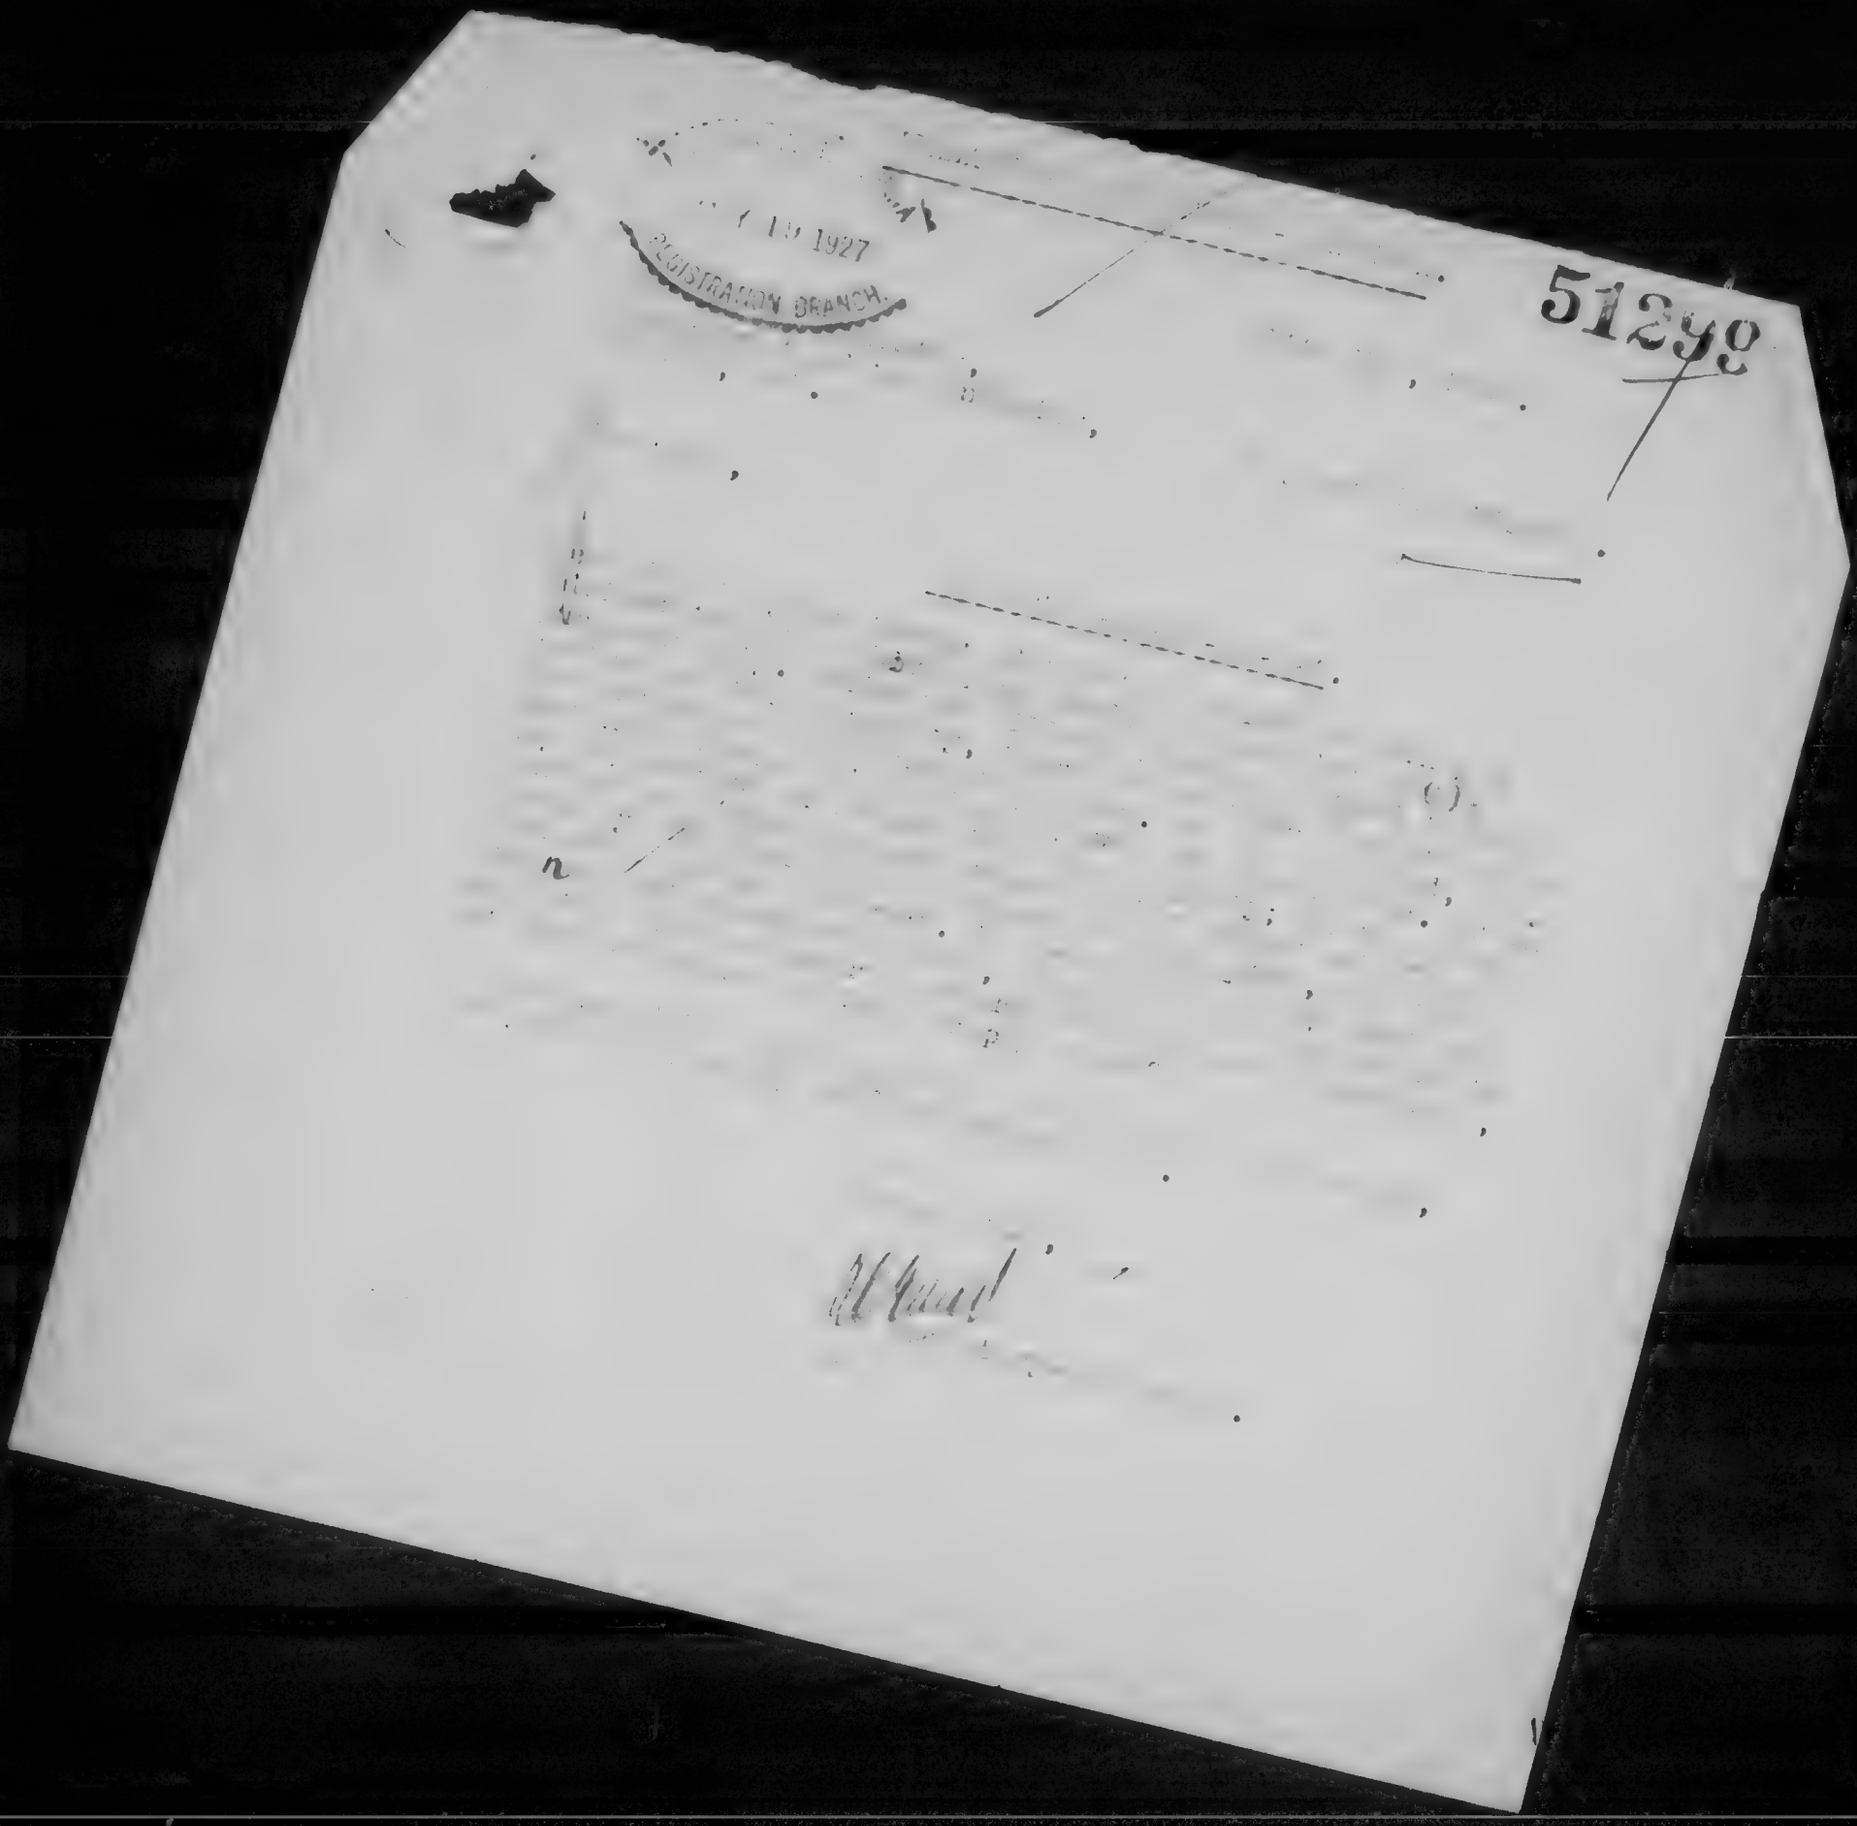

Replying to your letter of the 24th ultimo relating to your enquiry as to whether the Village of Innisfree may dispose of any portion of that part of Section 34, Township 50, Range 11, West of the Fourth Meridian, for which letters patent were issued, I beg to say that the letters patent, when issued to the Village, contained the proviso that the land shall be used for park purposes only and it is, therefore, not competent for the Village to dispose of any portion of the parcel in question.

I may add that in the event of the land being no longer desired for park purposes, it would appear that the same should be revested by the Village in the Crown by duplicate certificate of title free of all encumbrances.

Memorandum.

Mr. Louis E. Sickler applies to purchase the N.W.1/4 of Section 36, Township 1, Range 13, West Fourth Meridian.

He says that he located upon his homestead, the S.W. 1/4 of Section 36, entry for which was granted to him on the 7th September last, prior to survey(survey was approved 7th March, 1904) and that, after the survey, it turned out that his homestead was cut into so that not enough tillable land was left. He adds that the quarter he wishes to buy has not sufficient tillable land to justify any other settler obtaining a homestead thereon, being full of rocks and very little bottom land upon it.

The portion of this quarter section south of Milk River and east of Police Coulee is in Coulee 2180, leased to Mr. R.F. Sickler (7329); the balance is covered by a grazing application from Mr. M. Holmes (48034). The sketch hereunder shows the position of the land applied for. What action do you wish taken ? [illegible]

MEMORANDUM:-

Referring to my memorandum of 28th July last, in the matter of the application of Louie F. Pickler to be allowed to purchase the E½ of section 36, township 1, range 15, west 4th meridian, I beg to submit hereunder the Homestead Inspector's report dated the 3rd ultimo.

The Inspector states that owing to the location of the land Mr. Pickler has no access to the river from his homestead on the NW¼ of the same section; as to this you will see by the sketch hereunder that the Milk river crosses the north west corner of the homestead from which there would appear to be access to the water.

The Inspector says that at present Mr. Pickler can cultivate 20 acres only, the balance of the homestead not being available for cultivation.

The Homestead Inspector was asked by the Inspector of Ranches to look into the matter, as he understands that a portion of the NW¼ south of the river is within Mr. L. F. Pickler's lease, who strongly objects to it being used for anything else than stock watering.

Quest. 5 note. In June 1904 I was laid up with pneumonia which rendered me too weak to do much work on the place for about three months or more.

J McK

Quest. 11. note. 18th April 1903 my house 15 ft × 12 ft was burned with all contents - clothing also destroyed 150 bushels seed oats so that I had a set back that year as my purposes and had to go to work to build the new house and to purchase grain for my seeding.

The Officer taking this application for patent is requested to exercise particular care that the name of the homesteader is given in full and correctly spelt.

Sir,-

I beg to acknowledge the receipt of your letter of the 7th instant, addressed to the Minister, but the Doctor's certificate which you, evidently, intended to enclose has, apparently, not come to hand.

It is not the usual practice to grant an extension of time in connection with a homestead [illegible] as you ask. It has, however, been decided to direct the Local Agent of Dominion Lands at Lethbridge to obtain a careful report from the Inspector on your homestead, the North East ¼ of Section 24, Township 11, Range 23, west of the Fourth Meridian, and the case will be submitted for consideration after the report comes to hand.

Dear Sir,

In reply to your last Fav. I recd Crawford sustained a fracture of the ankle which has in my opinion incapacitated him from doing hard work this summer. He is able to be around and do light work but it will be some months before the ankle regains anything near its former strength. How he may be able to do duties on his homestead this fall but the time of year would be so short he could do much in way of improvement and besides he has other considerations preparations for going out when he met with his accident and since then he has sold his team and some implements he had for.

If he can get a extension of time he could stay in town and

work to support his family while some
time would be able to go to school
but if he has to go on his place he
understand it will not be able to do
much except to put in time.
Trusting you will understand his
situation from my explanation and
that you will be able to grant him
the extension he asks.

In further reference to file 49556 A., forwarded to you on the 4th instant, re. request of Deputy Commissioner Brooks, with regard to the transfer of the Pincher Creek Trail, viz : from Pincher Creek to the Crows Nest Pass, and by memorandum to you asking that action be taken with regard to his request for the transfer, I find on looking further into the matter that an Order in Council, a copy of which is attached hereunto, was passed on the 19th day of June, 1894, ordering a survey and transfer of this trail to the North West Government. Under this Order in Council the trail was surveyed from the Town of Pincher Creek westwards to Section 7, Township 7, Range 2 West of the 5th. Meridian, and numbered in our office as plan No. 7557. The next portion of this trail surveyed, was by Mr. Ponton, D.L.S., from the East boundary of the North East quarter of Section 12, to the South West quarter of Section 14, Township 7, Range 3 West of the 5th Meridian, and was surveyed by the North West Government, joining the road surveyed by J.F. File 49080 A

Ottawa, 16th October, 1905.

Sir:

Referring to your memorandum of the 6th inst. (file 49080 A), it appears that the trails in Southern Alberta which are shown on record plans Nos. 767, 1267 and 11134 were ordered to be surveyed by the Order in Council of the 12th June, 1884. It is not clear that the trail which on plan 1086 is covered by this Order in Council.

Section 19 of [illegible], Chapter 24, requires that the returns of survey of the trails mentioned in the [illegible] to the Lieutenant-Governor in Council [illegible] Surveyor-General, but the only copies of the trails [illegible] have been received in this office are those of the trail surveyed by [illegible] (record plan 767). Dear Sir

I wish to inquire in regard to a piece of land that I have applied for as a pre-emption. The reason that it is better adapted to mixed farming than to grain growing is that a great part of it is [illegible] and the remainder is in the hills and broken ground and would be better than any land that can be had near it. I wish to file upon the said land

Red Deer, March 5th-1917 191

Sir:-

I am in receipt of a copy of a letter from the Controller, Timber & Grazing Branch regarding Section 1, Township 30, Range 4, West of the 4th Meridian, in which he states that this Section is still Dominion Lands and is available for application for a grazing lease. Now, according to the lists furnished this office, the above Section is shown as Canadian Pacific Railway Land and no application for entry or application for a lease have been received here before, but since the Controller's (Timber and Grazing Branch) letter to Mr. W.S. McCulloch of Penitor, I have received numerous inquiries from that part of the country, some want to enter the land as a homestead and others to lease it.

There appears to be on record here information that a squatter, one E.L. Winslow was located on the North West quarter of this Section, and in 1906 he was written to from the Department advising him that it had been decided under all the circumstances to permit him to make homestead entry for the quarter section. This however, he failed to do. Your Reference No. 49022A.

Would you be good enough therefore to advise me whether or not this Section is still Dominion Lands, and if so, should not the land be listed in the ordinary way for ten clear days before applications may be received either for entry or for grazing.

MEMORANDUM.-

Mr. HUME.-

"e Sec. 1-35-4-W. 4th Mer.
Vacant land but covered by
application for grazing lease.

It appears that one, W. S. McCulloch, desires to lease this land for grazing purposes, and he, and several other parties, appeared before the Agent of Dominion Lands at Red Deer on different occasions with a view to making application to lease.

From a letter, bearing date the 8th ultimo, it appears that from the lists furnished the Red Deer Office the land was shown as Canadian Pacific Railway Land. It also appears that the Timber and Grazing Branch advised Mr. McCulloch that there appeared to be no objection to his making application to lease the land. The Agent points out that since the Timber and Grazing Branch's letter he has received numerous enquiries for the land and some parties are desirous of entering same as a homestead; that there is on record in his Office, information that one, Winslow was located on the North West quarter of this Section, and that from a letter dated 1906, the squatter was advised that it was decided to allow him to make homestead entry. The Agent asks whether the land is still Dominion Lands and if so, should not the same be posted for ten days before application should be received either for entry or grazing.

Respecting the North West ¼ it appears that from a Homestead Inspector's report, dated June, 1906, that El Winslow, was squatted on same and had been residing on same from 1904, and that he had, in the way of improvements:-

House, 14 X 14.	$200.00
Stable, 50 X 50.	300.00
Fencing.....	200.00
Breaking, 15 acres.	45.00.

The land

The land appears to have been set aside for School Lands and to have been subsequently withdrawn from the School Lands reservation.

The Agent has actually refused many applications to homestead or lease this Section, owing to his records not showing the proper standing of same.

It would appear that before application for either leasing or entry was accepted by the Agent that the land should have been posted in the usual way.

The Grazing Branch reports the land to be covered by Grazing application from W. S. McCulloch.

Please advise what further action you desire taken.

Re Lease . Stn W.
Mill & Grain & Feeding Lands.

The question to be decided in this matter is whether or not it is desirable to deal with the disposal of this section by lease or to offer it for sale at public auction.

The Agent of Dominion Lands at Red Deer reports the land to be shown on lists furnished him by Canadian Pacific Railway Land.

A tracing from the latest township plan shows the land to have been withdrawn from School lands.

It appears that an application was made for the land, but it was not proceeded with as the land was withdrawn from the Dominion Lands Office.

It is customary when lands are disposed of by lease to reserve the right to cancel the lease at any time by giving a month's notice, or to withdraw the land entirely from lease by giving a month's notice.

In the case of the Calgary Land Co. lease, the Company was advised that it had been found necessary to withdraw certain lands from lease for town purposes, but that they would be given the first opportunity to purchase the lands at the appraised value.

The Agent at Red Deer now brings the matter up and asks if the land should be leased or sold. Should any application be received either for entry or for razing.

He points out that he has repeatedly refused applications for entry and otherwise as the land was shown to his records to have been withdrawn.

Respectfully submitted,

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,
Ottawa.

Sir,

I am in receipt of your letter of the 8th ultimo, your file 49395, having reference to Section 1, Township 36, Range 4, west of the 4th Meridian.

In reply I am to state that this Section would appear to be vacant in the records of this Department at the present time, the same having been withdrawn from the School Land Endowment.

It has been decided before taking any action with a view of disposing of this land to have you furnish a report by a Homestead Inspector in reference to each quarter-section setting forth the area which can reasonably be brought under cultivation, and the cost per acre of cultivating the same, also whether there is any Person in residence or improvements on the land, and if so the nature and value of same.

Upon receipt of the Inspector's reports, it will then be decided what action is to be taken in the matter of the disposal of this land.

Your obedient servant,

The Agent of Dominion Lands,

Please see my memo of the 27th April last also.

Ottawa, 1st August, 1916.

MEMORANDUM:

W. 3817

Re Section 1-30-4-W. 4th M.

The above section of land was received before the Land Board was established, and considered, an application for a grazing lease was received.

The case was submitted on the 27th April, 1917, and it was decided to suspend action on the application for a grazing lease until a Dominion Land Inspector report the character of the land. The report was to show whether squatters were in possession and also as to whether the section was suitable for cultivation.

The Inspector's report which covers the full section has been received and is as follows:-

"I beg to acknowledge the "receipt of your letter dated the 5th of "May re S.E. 1-30-4-W. 4th Mer. in "reply to say that there is no one in "residence or no improvements on this "section. The north half of this section "is very rough and stony. It has a few "creeks cutting through it and although "there could be 40 acres or so broken on "each quarter at the cost of about $5.00 "per acre it would have to be done in "patches that would spoil the whole "quarter for grazing. The south half is "better although it is also very hilly "with a sprinkling of bush all over "it. With a great deal of scratching "there could be about 30 or 40 acres broken "in patches on each quarter. The north "half is only suitable for grazing and "the south half while parts of it are "level enough to farm I really believe the "whole section would be of more value to "the country to be used as grazing land than "to farm what could be brought under cultiva-"tion. If homestead entry were granted "on this land the first thing the home-

tender would likely but would
be permission to substitute stock for
"breakin."

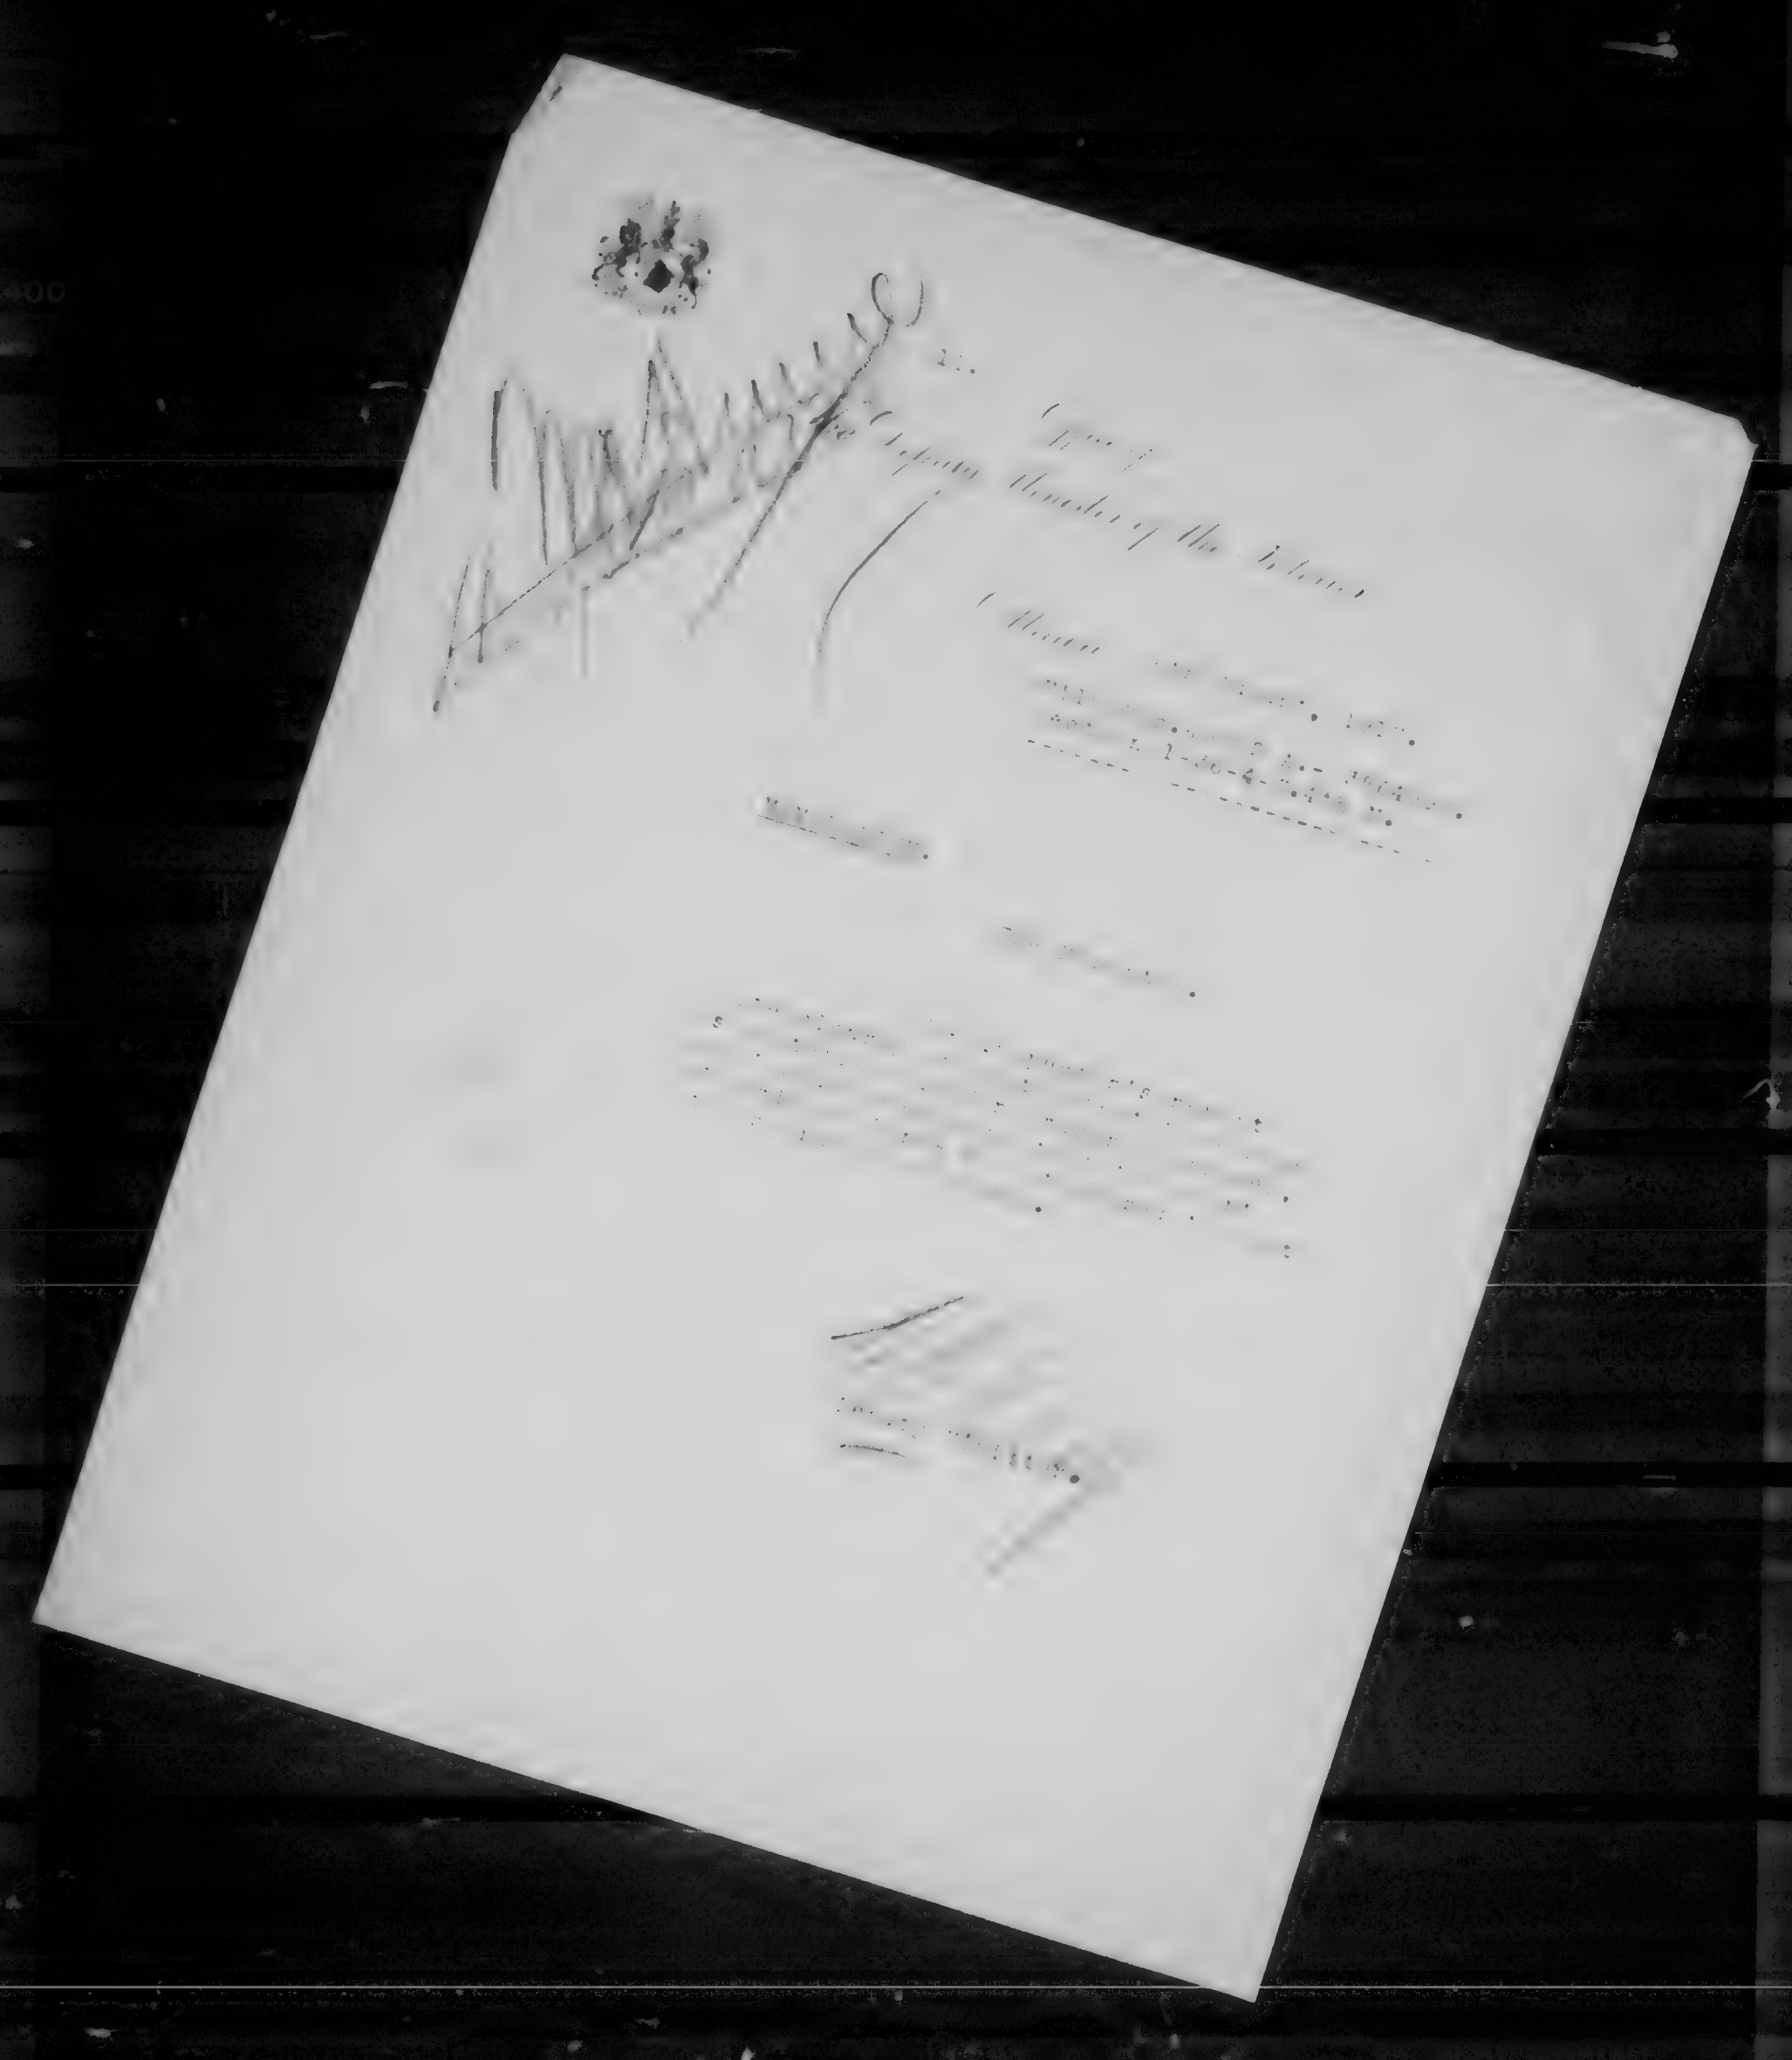

Kindly advise me whether the agent
may be instructed to post the land in accordance
with the regulations.

A memorandum from the Minister of Lands
would request that the following gentlemen
be notified in the event of the land being
posted:-
